

Machine Learning Systems Design

How a lot of failed ML projects are built

Figure 1.2 My estimation of why ML projects fail, from the hundreds I've worked on and advised others on

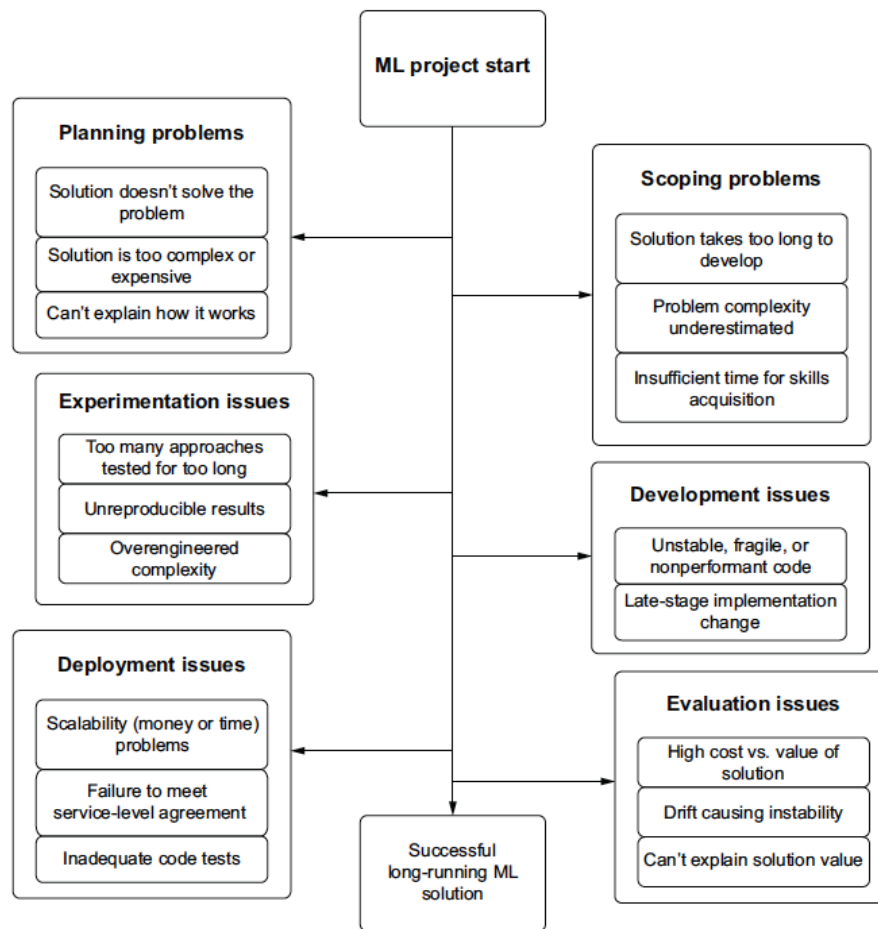

Figure 1.3 ML project detours that lead to project failure

“Machine Learning Engineering in Action”, Ben Wilson, Manning, 2022.

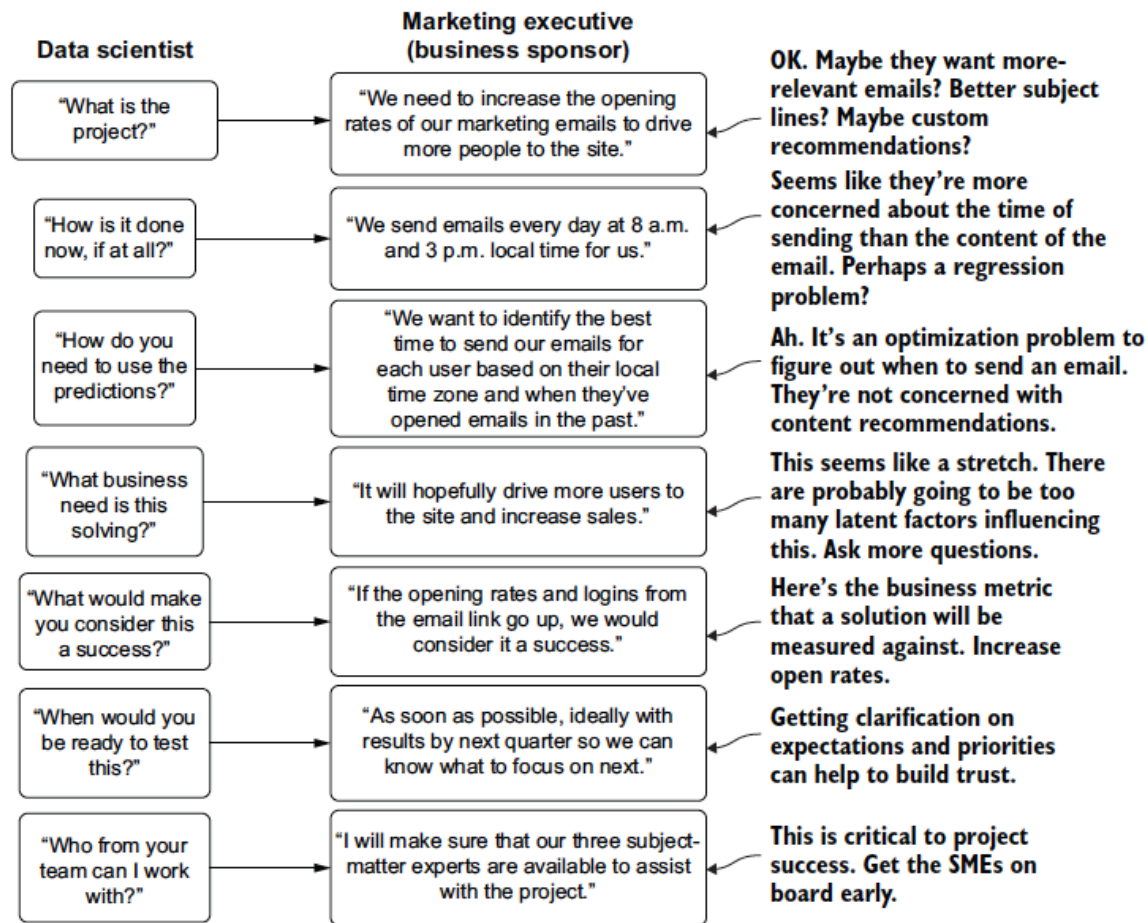

Figure 1.4 A simplified planning discussion diagram

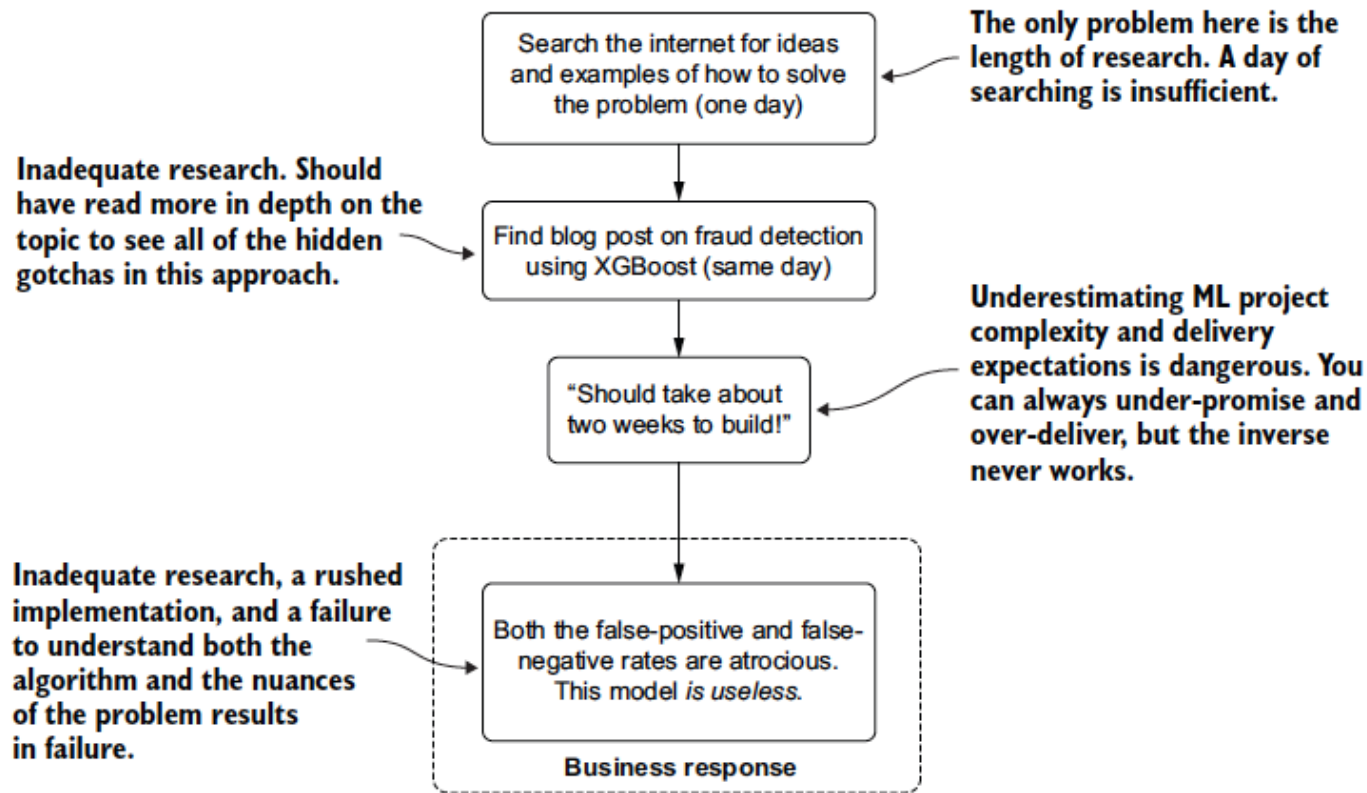

Figure 1.5 Research and scoping of a fraud-detection problem for a junior team of well-intentioned but inexperienced data scientists

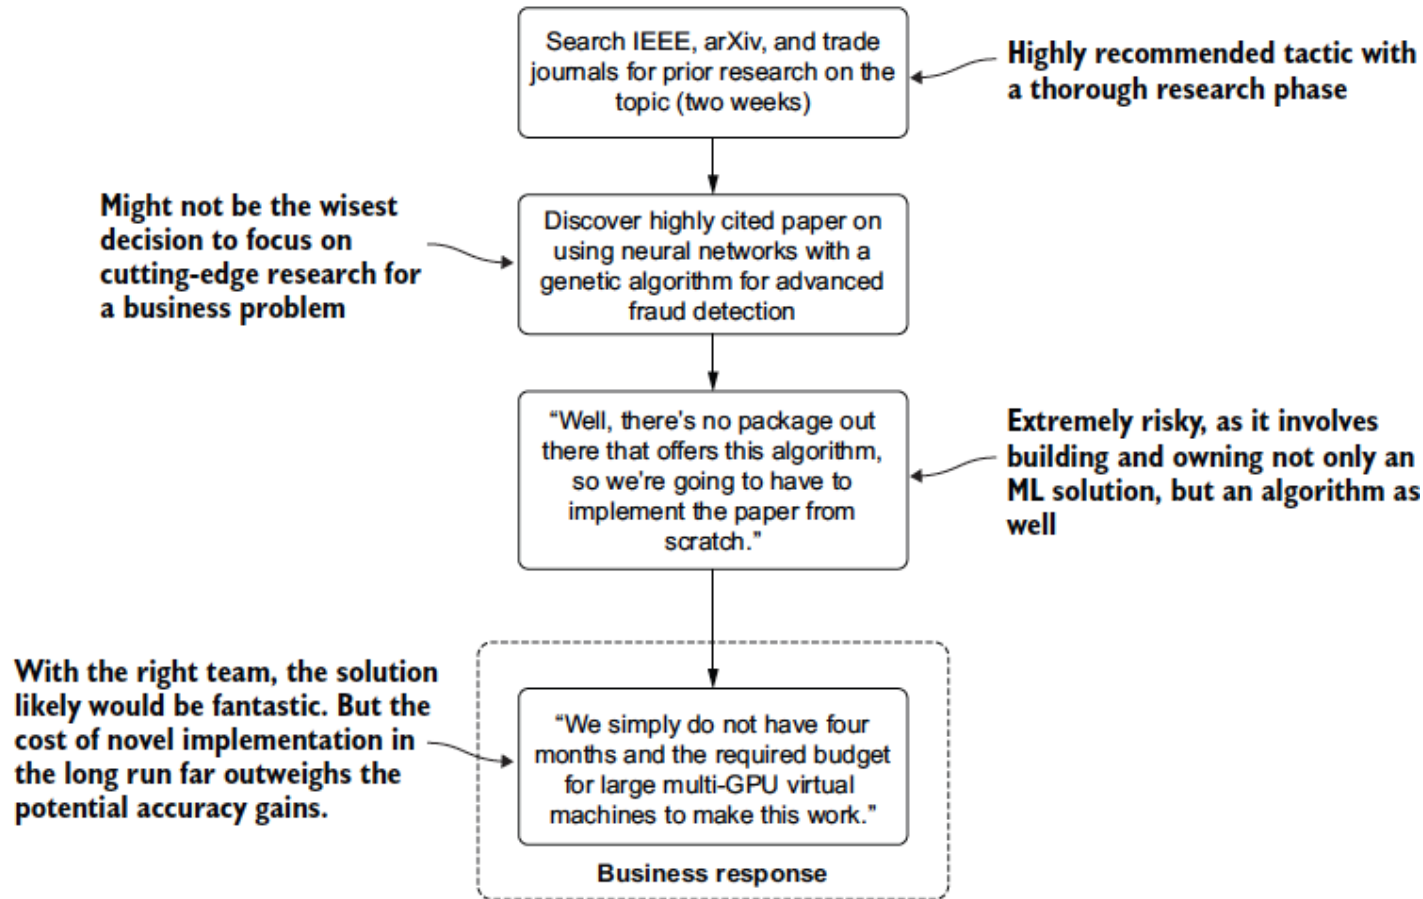

Figure 1.6 Research and scoping for an academia-focused group of researchers for the fraud-detection problem

"Machine Learning Engineering in Action", Ben Wilson, Manning, 2022.

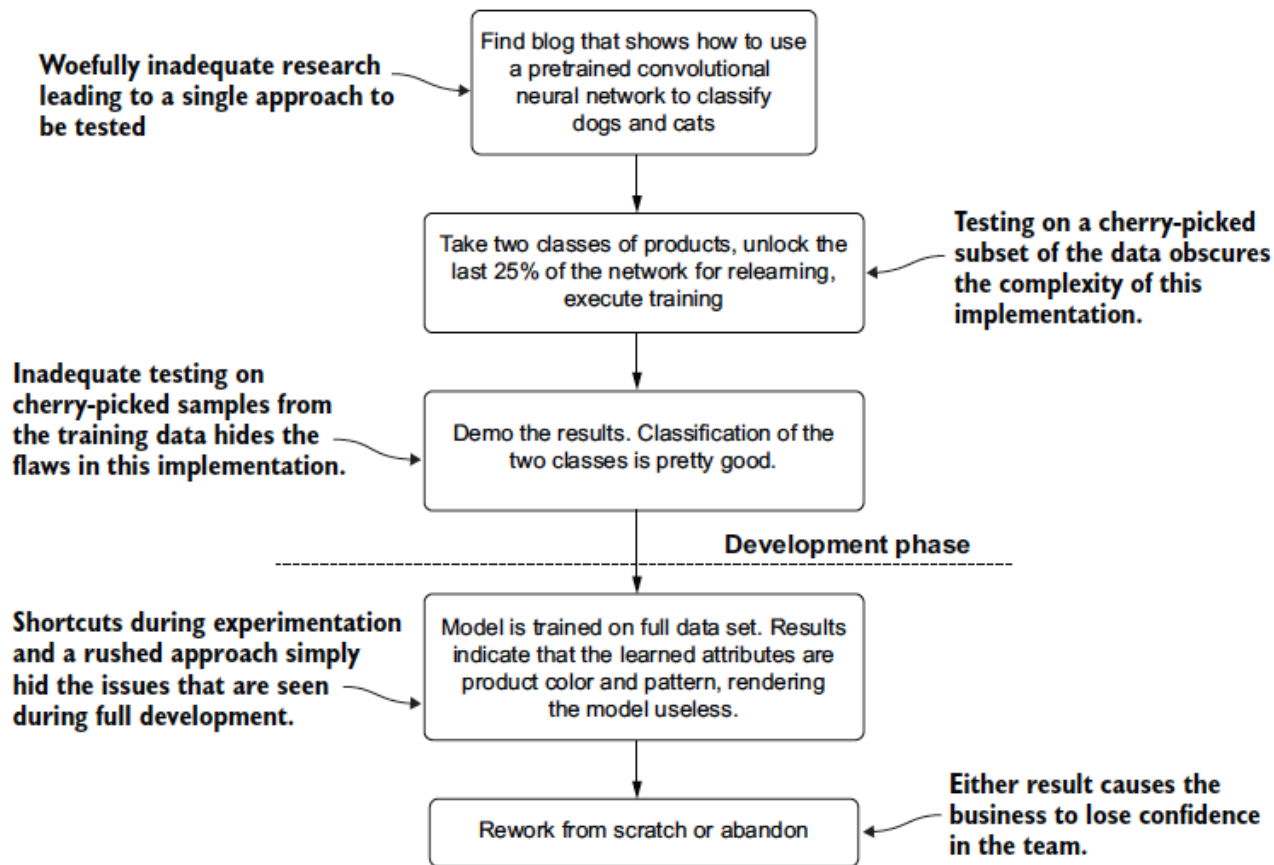

Figure 1.7 A rushed experimentation phase by a team of inexperienced data scientists

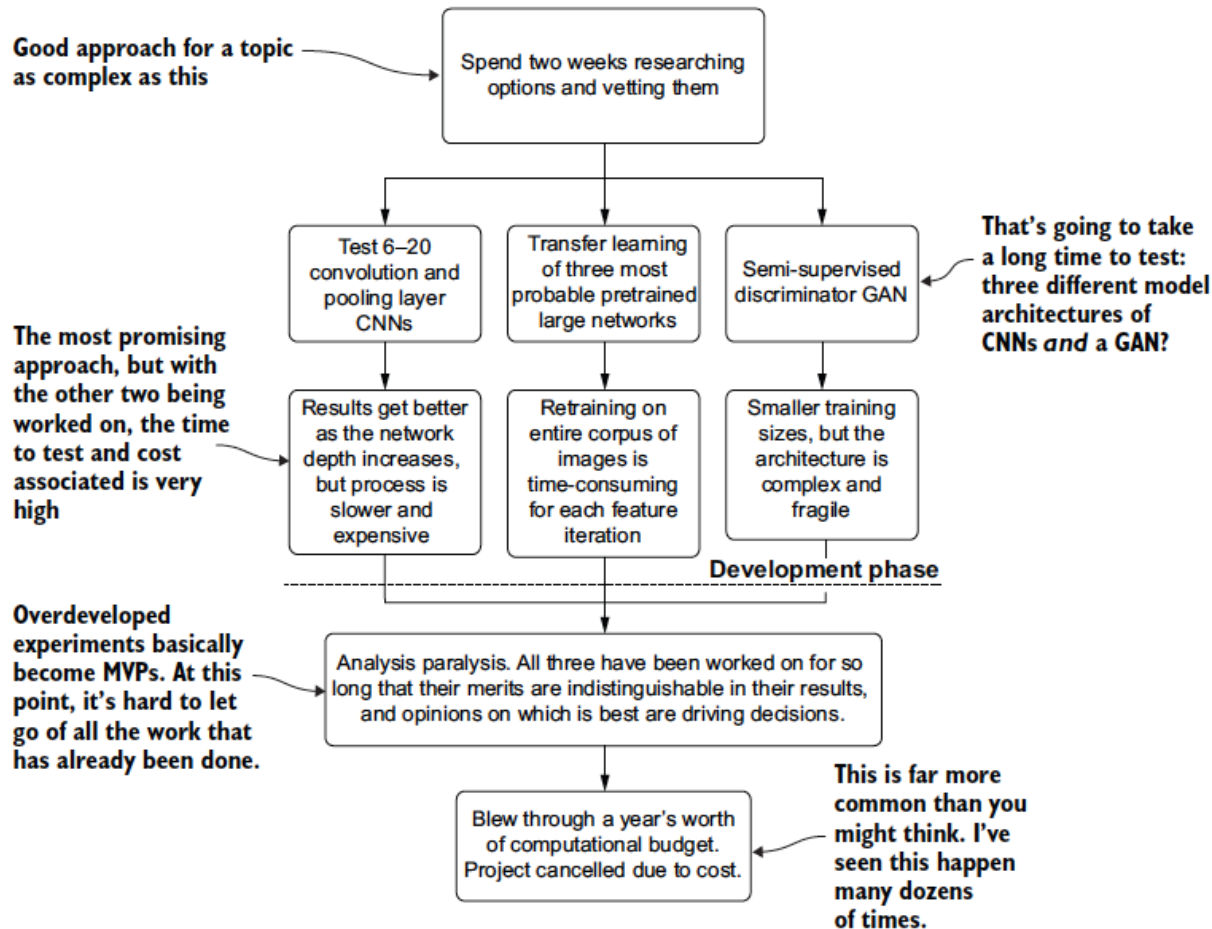

Figure 1.8 A case of too much testing in the experimentation phase of a project

“Machine Learning Engineering in Action”, Ben Wilson, Manning, 2022.

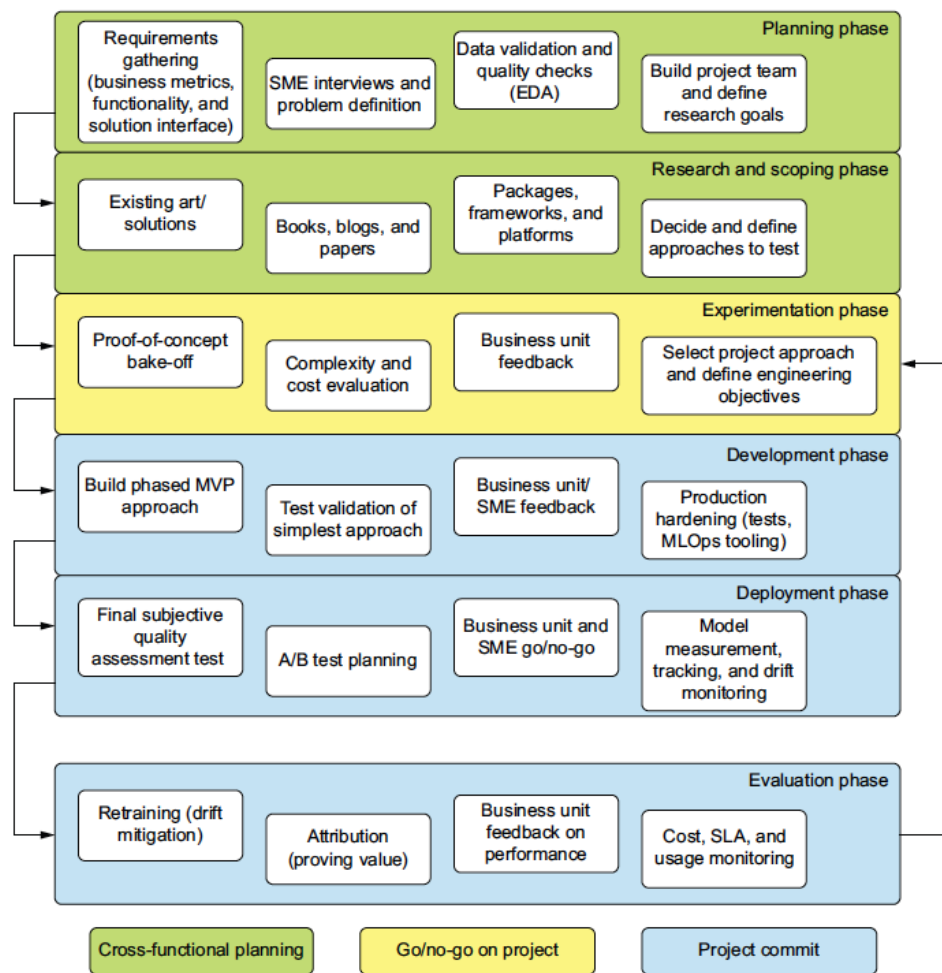

Figure 1.15 The ML engineering methodology component map

“Machine Learning Engineering in Action”, Ben Wilson, Manning, 2022.

Why data science projects fail?
